Welcome to Highland Five, an enclave of five exquisite Coastal Contemporary custom estates in Olde Carlsbad. Located a mile from the center of vibrant Carlsbad Village with the beautiful beaches just beyond.

This luxurious private home was masterfully designed & built by CalWest with family and entertaining in mind. As soon as you enter the house the stunning Great Room and fabulous Chef's Kitchen greet you, and invite you through the huge glass pocketed doors to the covered loggia with fireplace, gleaming swimming pool with fountains, jacuzzi, and professionally landscaped yard. The guest house is located at the far end of the property and boasts a bedroom, bathroom, living room, full kitchen and washer-dryer closet.

Upstairs the beautiful primary en suite retreat has a large balcony, there are two further secondary bedrooms, two bathrooms and large family room. The last en suite bedroom is on the main level, and could be used for guests, or as a study.
